For:	REMOTE-CONTROLLABLE MEDIA DEVICE AND METHOD OF OPERATING PERIPHERAL DEVICES USING THE SAME (AS AMENDED)		

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

February 17, 2006

Sir:

In response to the Examiner's Office Action dated November 17, 2005, the following Comments on the Examiner's Statement of Reasons for Allowance are respectfully submitted in connection with the above-identified application.

The allowed claims include five (5) independent claims. Independent claims 1 and 53 recite a media device, independent claim 41 recites a multimedia system, independent claim 7 recites a method of operating peripheral media devices and independent claim 18 recites a method of controlling a multimedia system.

Applicant respectfully submits that the one sentence statement on page 2 of the Notice of Allowability of what each claim recites improperly summarizes what is recited in all five independent claims. Instead, it merely summarizes what is recited only in claim 7, the independent claim that recites a method of operating peripheral media devices.

Applicant respectfully submits that each independent claim is patentable for the combination of features that it recites.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future papers, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§1.16 or 1.17; particularly, extension of time fees.

Respectfully submitted,

BIRCH, STEWART, KOLASCH & BIRCH, LLP
